Dear Beckham Bird Club,

As the seasons shift across the Lower Kentucky River watershed, we're reflecting on how much your generosity means to Woods & Waters Land Trust. Your grant of $1,650.00, received on October 14, 2025, helps protect the forests, streams, and working lands that sustain wildlife, provide clean water, and offer places for people to connect with nature.

These landscapes are more than beautiful scenery—they are vital, living places that anchor our communities and the environment. Because of your commitment, these lands will continue to thrive, nourishing both people and wildlife for generations to come.

On behalf of our board and staff, thank you for believing in a future where protected natural spaces and thriving communities go hand in hand. Your trust and generosity fuel our work and inspire us as we look ahead.

With gratitude,

Heather Housman
